Objective

Dedicated and results-driven Full Stack Developer with expertise in MERN stack and .NET technologies. Passionate about leveraging innovative solutions to solve complex problems and drive business growth. Seeking opportunities to contribute my skills and experience in a dynamic team environment, where I can continue to learn, grow, and make a meaningful impact.

Experience

- **Ainsurtech Pvt. Ltd.**   May 1st, 2024 - June 28th, 2024
  Software Development Intern
  •Gained practical experience in front-end technologies (HTML, CSS, JavaScript) and back-end development (Python, .NET).
  Managed and integrated databases using SQL and PL/SQL.
  •Worked on various real-world projects, enhancing skills in creating responsive web designs, developing server-side applications, and integrating databases.
  •Demonstrated strong problem-solving skills and a keen aptitude for learning.
  Efficiently completed tasks both independently and as part of a team, consistently exceeding expectations.

Education

- **G.G.S English High School**   2019
  SSC
  72.20 %

- **Ramniranjan Jhunjhunwala College**   2021
  HSC
  68.00 %

- **Sk Somaiya**   2021-2024
  Bsc Computer Science (Hons)
  8.52

- **SK Somaiya**   2024
  Msc Computer Science

Skills

- MERN
- Javascript
- .net framework
- HTML, CSS
- Python

Projects

- **Electronic Store Website**

  Electronic Store: Developed a modern e-commerce platform using the MERN stack, facilitating seamless online shopping experiences for electronic enthusiasts
- **Personal Portfolio Website**

  Developed a personal portfolio website showcasing skills in React, CSS, HTML, and JavaScript. The site features responsive design, dynamic content, and a user-friendly interface.
- **Netflix Clone**

  Developed a Netflix Clone using the MERN stack (MongoDB, Express, React, Node.js) and Redux Toolkit. This project showcases advanced web development skills, including responsive design and dynamic content management.
